## **OFFERTE DI LAVORO**

### **URGENTE**

**Borsa di dottorato**

**Action n°6 Motricité, Exercice et Autonomie:**

**«Physiologie, physiopathologie et aspects fonctionnels du mouvement».**

**(Cluster 11 «Handicap, Vieillesse, Neurosciences»)**

Progetto: «Stimulations spécifiques pour la rééducation des déficits moteurs, biomécanique et modélisation»

Durata: 3 anni (Sept 2007-Agosto 2010); sede: INSERM Unité 864, Espace et Action; 16 av Doyen Lépine 69500 Bron (**Lyon, France**).

I candidati interessati sono pregati di contattare **con urgenza** Claude Prablanc [prablanc@lyon.inserm.fr](mailto:prablanc@lyon.inserm.fr); tel : 33 472 91 34 11

*Le laboratoire Espace et Action et le Laboratoire de Biomécanique et Modélisation Humaine viennent de recevoir une allocation de bourse doctorale pour un projet d'étude de la motricité du membre supérieur qui fait appel à des compétences générales à la fois en neurosciences et biomécanique modélisation.*

*Le candidat doit fournir les notes et rang et des lettres de recommandation. Un entretien préalable avec le candidat est souhaitable. Ensuite le candidat doit être auditionné le 28 Juin par le jury d'attribution de bourses de l'Ecole Doctorale Cerveau et Cognition, sachant que le candidat ne sera pas en compétition avec les autres candidats, le jury de l'Ecole Doctorale se contentant de vérifier son aptitude à mener à bien ce type de tâche.*

## Borse pre- e post-doc del programma DISCOS Marie Curie RTN

Info: <http://www.discos-rtn.eu/>

Yves Rossetti: [rossetti@lyon.inserm.fr](mailto:rossetti@lyon.inserm.fr)

Alessandro Farnè: [farne@lyon.inserm.fr](mailto:farne@lyon.inserm.fr)

Si suggerisce di contattare Yves Rossetti o Alessandro Farnè per posizioni riguardanti il laboratorio di Bron (INSERM U534 Espace et Action, vicino a Lione); in ogni caso le procedure di candidatura sono centralizzate (si veda la nota sottostante).

**DEADLINE** for Applications: **July 30, 2007**

*Starting dates of the positions are between 01.08.2007 and 01.01.2008 (duration 36 months for ESR, 24 months for ER). If you are interested in one of these positions, please send your application (preferably by email, and by naming the post you are interested in) including CV and, if possible, two references (name, email, phone) before the closing date to the network coordinator: Prof. Thomas Fuchs, [Thomas.Fuchs@med.uni-heidelberg.de](mailto:Thomas.Fuchs@med.uni-heidelberg.de), Department of Psychiatry, University Hospital Heidelberg, Vossstr. 2; D-69115 Heidelberg, Germany. Note: The mobility condition for Research Training Networks implies that, as a rule, researchers have to be appointed in a country different from their own nationality.*

## One or two-year post doc in Edinburgh: MSc in Human Cognitive Neuropsychology

**Apply Now for September 2007**

This MSc programme, based within Psychology department at the University of Edinburgh, provides intensive training within the specialism of Human Cognitive Neuropsychology. Full details can be found on <http://www.psy.ed.ac.uk/postgrad/msc/hcn>

The programme is led by Dr S. Abrahams (Senior Lecturer and Clinical Neuropsychologist) and closely integrated with the newly formed Human Cognitive Neuroscience research unit, a group of internationally recognized cognitive psychologists and neuropsychologists led by Professors S. Della Sala and R. Logie (<http://www.psy.ed.ac.uk/research/hcn/index.html>).

For more information on how to apply please contact the Programme Secretary Toni Noble. For more information on programme content please contact the Programme Director Dr Rob McIntosh.

Email [Toni.Noble@ed.ac.uk](mailto:Toni.Noble@ed.ac.uk) Email [r.d.mcintosh@ed.ac.uk](mailto:r.d.mcintosh@ed.ac.uk)

**Lecturer / Senior Lecturer at UCL Institute of Cognitive Neuroscience  
UNIVERSITY COLLEGE LONDON**

Applications for this faculty post are invited from candidates with strong research records in human cognitive neuroscience and/or neuropsychology. The successful applicant will be an independent researcher who can deliver inspiring teaching also. Candidates with experience of neuropsychological patient research are particularly welcome, but other fields in human cognitive neuroscience will also be considered. UCL's Institute of Cognitive Neuroscience (ICN) is a thriving interdisciplinary research institute in Queen Square (see <http://www.icn.ucl.ac.uk>). It brings together researchers from different UCL departments - currently Psychology, the Institute of Neurology, Human Communication Science, and Anatomy - with a common focus on the neural basis of human cognition. ICN has close links to the adjacent functional imaging laboratory and to the neurological hospital at Queen Square. The new post will be based at the ICN and affiliated to the Department of Psychology. Salary will be in the range £29,138-46,758, plus £2,497 London. Allowance, according to experience.

Further information is available at <http://www.psychol.ucl.ac.uk/info/icnlecturer.htm>. Informal enquiries can be made to Jon Driver, Director of the ICN ([j.driver@ucl.ac.uk](mailto:j.driver@ucl.ac.uk)). Applications (one copy) should include a curriculum vitae with publications list; a brief summary of research achievements and plans; overview of teaching experience and interests; names and contacts for three referees; and a Personal Information form (available at: [http://www.psychol.ucl.ac.uk/info/Personal\\_Information.doc](http://www.psychol.ucl.ac.uk/info/Personal_Information.doc)). Send applications to John Draper, Department of Psychology, UCL, Gower Street, London WC1E 6BT, UK; or by e-mail (to [j.draper@ucl.ac.uk](mailto:j.draper@ucl.ac.uk)) in one pdf file (as surname.pdf). Lecturer / Senior Lecturer posts in the UK correspond roughly to Assistant / Associate Professor posts in the US. Taking Action for Equality. **The closing date for applications is 29th June 2007.**

## **CONVEGNI NAZIONALI**

*Congresso Nazionale della Sezione di Psicologia Sperimentale (AIP)*

Como, Centro di Cultura Scientifica "Alessandro Volta", Villa Olmo,  
17-19 settembre 2007

e-mail: [aipsper07@psico.unimib.it](mailto:aipsper07@psico.unimib.it)

web: [www.aipsper2007.psico.unimib.it](http://www.aipsper2007.psico.unimib.it)

**Deadline invio abstract (e pagamento iscrizione da parte di almeno un autore):  
31 maggio 2007**

Contestualmente al Congresso verranno assegnati otto premi AIP "Giovani Ricercatori/trici" (importo: 400 Euro ciascuno) e quattro premi messo in palio dalla casa editrice Il Mulino (250 euro ciascuno) per poster o comunicazioni orali presentati ai lavori.

*Premio Franco Purghè per ricerche in percezione o psicofisica*

E' aperto il bando per il IV Premio Franco Purghè. Gli aspiranti al Premio (500 Euro) dovranno far pervenire la domanda entro e non oltre il **30 Giugno 2007** alla Segreteria AIP – Sezione di Psicologia Sperimentale (Prof. Pier Luigi Garotti): C/o Dip. di Psicologia, Viale Berti Pichat, 5, 40127, Bologna, tel.: 051 2091822, e-mail: [pierluigi.garotti@unibo.it](mailto:pierluigi.garotti@unibo.it)

## **CONVEGNI INTERNAZIONALI**

*ESCOPE 2007 - The European Society for Cognitive Psychology*

XV Conference,

Marseille, Francia. 29 Agosto - 1 Settembre 2007

**Deadline per presentazione abstract: 31 maggio 2007**

In questi giorni vi è la possibilità di presentare proposte di paper e poster per il XV congresso ESCOP (European Society for Cognitive Psychology) che si terrà a Marsiglia (Francia) dal 29 agosto al 1 settembre 2007 (per iscrizioni e submission si può vedere il sito [http://www.up.univ-mrs.fr/wlpc/escop07\\_2/](http://www.up.univ-mrs.fr/wlpc/escop07_2/)). Per qualsiasi informazione è possibile consultare il sito [www.escop.org](http://www.escop.org) o contattarci direttamente via email (Cristina Cacciari: [cacciari.cristina@unimore.it](mailto:cacciari.cristina@unimore.it); Tomaso Vecchi: [vecchi@unipv.it](mailto:vecchi@unipv.it)).

*The 9th Nordic Meeting in Neuropsychology*

Gothenburg (Göteborg), Sweden, August 19-22, 2007. The program will cover all major areas within the field of neuropsychology but has a focus on the theme: ON SPEAKING TERMS WITH THE BRAIN. Mechanisms and Disorders of Communication. The comprehensive program includes 11 invited lectures given by outstanding scientists, 12 symposia, 9 free oral sessions, 50 posters and 4 educational workshops. See the web site

<http://www.neuropsychologi.org/nordic2007/content.aspx?contentID=1019> for details about the scientific program.

On-line registration is open at the web site:

<http://www.neuropsychologi.org/nordic2007/content.aspx?contentID=1022>

Note that a low fee is offered if you register **before June 1**.

## **CORSI**

### *Corso di aggiornamento in neuropsicologia clinica*

Aula Murri; Polo Didattico Murri - Area S. Orsola, Bologna. Ore: 14-18

5 giugno 2007: Neuropsicologia forense

**E' stato richiesto accreditamento ECM.**

Info: Dr. Andrea Stracciari [str.andrea@aosp.bo.it](mailto:str.andrea@aosp.bo.it)

### *Valutazione e riabilitazione dei disturbi mnesici*

Roma, 8-9 giugno 2007 (presso la Facoltà di Psicologia, Via dei Marsi 78).

Il corso è a numero chiuso (45 posti). La deadline è l'8 maggio 2007.

**Vengono rilasciati crediti ECM.**
