

## Curriculum vitae di Gabriele Miceli

Professore straordinario di Neurologia e Direttore clinico del Centro di Riabilitazione Neurocognitiva del Centro Interdipartimentale Mente/Cervello (CIMEC) dell'Università di Trento.

Soggiorni di studio all'estero, su invito, presso la University of Maryland; l'Aphasia research Center, Veterans Administration Hospital, Boston, MA; il Department of Psychology e il Cognitive Science Center, Johns Hopkins University, Baltimore, MD; il Cognitive Neuropsychology Laboratory, Dartmouth College, Hanover, NH; l'University of New Mexico, Albuquerque, NM; il Cognitive Neuropsychology Lab, Harvard University, Cambridge, MA; l'Ecole Normale Supérieure, Parigi.

Collaborazioni con l'IRCCS Fondazione S. Lucia; con la Clinica Neurologica, Università di Milano (Ospedale S. Carlo); con il Dipartimento di scienze neurologiche e della visione, Università di Verona; con il Dipartimento di Psicologia, Università di Milano-Bicocca; con il Cognitive Neuropsychology Laboratory, Dept. of Psychology, Harvard University (Cambridge, MA, USA).

Membro della Società Italiana di Neurologia, della Società Italiana di NeuroPsicologia, della Società Italiana di Riabilitazione Neurologica. Membro dell'Academy of Aphasia (Chair dal 2004 al 2007 e past-Chair dal 2007 al 2010); dell'International Neuropsychological Symposium; del Research Group on Aphasia and Cognitive Disorders della World Federation of Neurology.

Membro del comitato di redazione delle riviste internazionali: Brain and Language (San Diego, Academic Press), Cognitive Neuropsychology (Londra, Psychology Press), Reading and Writing: An Interdisciplinary Journal (Dordrecht, Kluwer Academic Publishers). Membro del *panel* scientifico dell'INSERM e dello Human Frontiers Science Program.

Reviews *ad hoc* per numerose riviste internazionali: Brain, Cortex, Neuropsychologia, Journal of Cognitive Neuroscience, Cerebral Cortex, Neuroimage, Cognition, Europa Medicophysica, Acta Psychologica, Laterality, Neurocase, Aphasiology, Clinical Neurophysiology, British Journal of Communication Disorders, Neuropsychological Rehabilitation, Aging, Giornale Italiano di Psicologia, Neuropsychology. Grant reviews per il Canadian Medical Council; per lo Human Frontiers Science Program; e per la Israel Science Foundation.

Autore di 64 pubblicazioni *in extenso* su riviste internazionali con *peer review*, fra cui Nature, Nature Neuroscience, Brain, Journal of Cognitive Neuroscience; di 19 capitoli su libri internazionali; di 4 libri in Italiano; di 4 letture magistrali; di 42 conferenze su invito a congressi internazionali.

Principali interessi di ricerca correnti: correlati anatomofunzionali dei processi di scrittura e dei processi morfosintattici; ruolo del lobo temporale nella rappresentazione delle informazioni concettuali; rapporti fra neuroplasticità e recupero funzionale nel cerebroleso adulto

### Lavori su riviste internazionali con *peer review*

1. G. GAINOTTI, C. CALTAGIRONE, M. A. LEMMO, G. MICELI. Pattern of ipsilateral clinical extinction in brain-damaged patients. Applied Neurophysiology 38:115-125, 1975
2. C. CALTAGIRONE, G. GAINOTTI, G. MICELI. Agnosie digitale et lésions du lobe pariétal. Archives Suisses de Neurologie Neurochirurgie et Psychiatrie 118:231-240, 1976.
3. G. GAINOTTI, G. MICELI, C. CALTAGIRONE. A neurolinguistic model for the study of aphasia. European Neurology 15:20-24, 1977.
4. G. MICELI, C. CALTAGIRONE, G. GAINOTTI. Gangliosides in the treatment of mental deterioration. A double-blind comparison with placebo. Acta psychiatrica Scandinavica 55:102-110, 1977.
5. G. GAINOTTI, C. CALTAGIRONE, G. MICELI. Methodological problems in clinical evaluation of nootropic drugs (The treatment of symptoms of senile involution). Drugs under Experimental and Clinical Research 1:333-339, 1977.
6. G. GAINOTTI, C. CALTAGIRONE, G. MICELI. Poor performance of right brain-damaged patients at Raven's Colored Matrices: Derangement of general intelligence or of specific abilities? Neuropsychologia 15:675-680, 1977.
7. C. CALTAGIRONE, G. MICELI, G. GAINOTTI. Distinctive features of unilateral spatial agnosia in right and left brain-damaged patients. European Neurology 16:121-126, 1977.
8. G. GAINOTTI, G. MICELI, C. CALTAGIRONE. Constructional apraxia in left brain-damaged patients: a planning disorder? Cortex 13, 109-118, 1977.
9. G. MICELI, C. CALTAGIRONE, G. GAINOTTI, P. PAYER-RIGO. Discrimination of voice versus place contrasts in aphasia. Brain and Language 6:47-51, 1978.
10. G. GAINOTTI, C. CALTAGIRONE, G. MICELI. Immediate visual-spatial memory in hemisphere-damaged patients: Impairment of verbal coding and of perceptual processing. Neuropsychologia 16:501-507, 1978.
